

Pratibha Patel

Software Engineer – ASP.NET Core / .NET Developer

India • +91 9399598568 • pratibhap0205@gmail.com • linkedin.com/in/pratibha-patel05/

PROFESSIONAL SUMMARY

.NET Developer with 3 years of progressive experience in ASP.NET Core MVC and Blazor WebAssembly. Highly skilled in C#, developing robust REST APIs, and managing SQL Server databases.

Proven ability in full-stack module development, debugging, production support, and performance optimization. Experienced in building enterprise applications like ERP and School Management Systems, collaborating with senior developers to deliver scalable and maintainable features using HTML, CSS, and JavaScript.

PROFESSIONAL EXPERIENCE

Markstein Technology Solution Pvt. Ltd – .NET Developer

Noida, Uttar Pradesh | Sep 2024 – Present

- Integrated pre-built HTML, CSS, and JavaScript screens into Blazor and ASP.NET Core MVC, connecting UI with C# backend logic and SQL Server for smooth CRUD operations.
- Resolved high-priority production issues (performing debugging) and handled ongoing frontend/backend maintenance, improving system stability and reducing downtime.
- Contributed to key modules in ERP and School Management Systems by integrating UI with REST APIs, ensuring reliable functionality and robust performance.

Aon Digicon Pvt. Ltd – .NET Developer

Korba, Chhattisgarh | Nov 2022 – Aug 2024

- Collaborated effectively with senior developers on API and database design (SQL Server), ensuring data integrity and application scalability.
- Implemented adaptive UI components with Blazor and .NET MAUI, optimizing rendering performance and cross-platform consistency.
- Integrated REST APIs seamlessly with Blazor/Maui frontend modules; contributed to backend stability by optimizing SQL Server queries, updates, and data validations.
- Resolved complex production issues and supported ongoing maintenance, improving overall performance and stability across multiple modules.

Education

Bachelor of Engineering (B.E.) - Computer Science and Engineering

2015-2019

Chhatrapati Shivaji Institute Of Technology, Durg, Chhattisgarh

Projects

School Management System (2025)

Technology: ASP.NET Core MVC, C#, SQL Server, HTML, CSS, JavaScript, REST APIs

- Delivered modular solutions for User Management, Fees, Exams, Subjects, Marks, and Attendance to support seamless academic and administrative operations.
- Ensured centralized academic and administrative workflow automation, leading to streamlined operations.

ERP System for Educational Institute (2024–2025)

Technology: ASP.NET Core MVC, C#, SQL Server, HTML, CSS, JavaScript, REST APIs

- Developed critical modules including Student Registration, Batch Management, Lecture Management, Attendance Tracking, and Reporting & Analytics.
- Integrated WhatsApp Messaging API to send test scores to parents, measurably improving communication efficiency and parent engagement.

LIMS – Laboratory Information Management System (2022–2024)

Technology: Blazor, C#, SQL Server, REST APIs

- Implemented core modules: Sample Registration, Sample Receiving, Data Entry, and Report Generation.
- Enabled automated instrument data capture, significantly improving data accuracy and documentation processes.

Skills

- Frameworks/Libraries:** ASP.NET Core MVC, Blazor WebAssembly, .NET MAUI
- Languages:** C#, SQL, JavaScript, HTML5, CSS3
- Database:** SQL Server
- Concepts/Tools:** REST API Development, Full-Stack Development, Debugging, Production Support, UI Integration, Performance Optimization
